ment for less money than the same can be obtained for under the present regime, and at the same time keeping the money to circulate at home. We understand the capital stock is fixed at 2,500 shares of \$10 each, making \$25,000. This stock should all be taken within thirty days, and interested parties should not wait to be solicited, but send in their name for from one to fifty shares at once. We apprehend that in a comparatively short space of time this stock will all be taken, and if our fermers and mechanfixing their stock at double the pres-

ed, rollicking, fun-loving John, becomes "one of us" this week. We should at once advocate John's candidacy for Street Commissioner, but it is feared the "Wilkins" influence cannot be secured. John here's our
